

# Hopkinsville Kentuckian.

VOL. XXX.

HOPKINSVILLE, KENTUCKY, TUESDAY, JULY 28, 1908.

No. 90.

## TOM THOMAS ARRESTED

Came to Town to Make Gano  
Warder's Bond  
Friday.

## SHERIFF AT THE TRAIN.

Executed Bond Saturday  
With Seventeen  
Signers.

Tom Thomas, a prominent young farmer who lives on the Stites place near the city and also operates a farm below Gracey, came into town Friday evening from Gracey to make the bond of Gano Warder and was himself arrested as a night rider. He gave a temporary bond with Howard Brame as surety and returned to Gracey Saturday to secure permanent bondsmen. He returned at four p. m. and after waiving examination gave bond to answer to the action of the next grand jury, which meets September 28. His bond was fixed at \$1,500. Judge Frowse accepted A. T. Vinson as a sufficient surety on the bond, but Mr. Thomas was accompanied by a large number of his friends who asked to be allowed to sign the bond and the following attached their names: J. R. Gaines, W. T. Wadlington, B. J. Wall, J. S. Gaines, M. A. Wright, A. W. Jones, A. Thomas, W. M. Thomas, Leon Golliday, Herbert Golliday, W. M. Johnson (of Hopkinsville), J. W. Froman, J. F. Giles, W. J. Hopson, C. S. Coleman and George Wilson.

No intimation of the character of evidence against Mr. Thomas has been given out by Judge Frowse except that he is implicated by affidavits in the hands of the Judge, along with many others not yet arrested. No information is given out as to

whether other arrests are to be made at this time. There is a rumor that Mr. Thomas is one of probably fifty men implicated by confessions of night riders who participated in raids in Christian county. The charge in the Thomas warrant is that he did unlawfully and feloniously confederate and band together with others and go forth for the purpose of destroying personal property. Mr. Thomas expressed great surprise when arrested and asserts his innocence of the charge.

## DEATH OF CHILD.

Daughter of Jake Walker  
Passes Away.

A little daughter of Jake Walker, aged eighteen months, died at the home of its parents on Brown street Saturday about noon, of stomach trouble. Funeral services were held Sunday by Rev. J. Fraser Cocks, of Madisonville, who had exchanged pulpits with Rev. Bull, and the interment took place in Riverside cemetery.

## STOMACH TROUBLE

Causes Death of Kirkmans-  
ville Farmer.

D. Marion Lacy, a well known farmer of near Kirkmansville, died Saturday night, after an illness of several months of stomach trouble. He was 73 years old and is survived by his widow and two children, a son and a daughter. The body was interred in the West burying ground Sunday afternoon.

## Revival Closed.

Rev. J. W. Hudspeth, of Hopkinsville, has just closed a successful revival at Lynnville, where he had 40 additions to the Christian church. The meeting has been in progress nineteen days. Eld. Hudspeth has gone to Boydsville, where he will begin a meeting at once.—Murray Ledger.

FOR SALE—Two choice milk cows. J. E. Gossett, Cumb. Phone.

## FEW NAMES ON BALLOTS

School Election Will Go By  
Default In Many  
Districts.

ONLY 21 CANDIDATES

In the 70 Districts Where  
the Elections Are to  
Be Held.

The school election to be held next Saturday is so little understood or so devoid of interest that in only 21 of the 70 sub-districts were petitions filled for persons to be placed on the official ballots. In none of these will there be a contest, no districts having more than one candidate. In the list are two colored candidates, so far without opposition. The nominations made as follows:

Sub.	Dist.	1	A. M. Henry
"	"	2	Sim Loveless
"	"	3	Mark Boyd
"	"	4	S. H. Ruddle
"	"	5	John Southall
"	"	6	Ed Willis, col.
"	"	7	F. C. Clardy
"	"	8	E. L. Walker
"	"	9	J. H. Hight
"	"	10	J. J. Petty
"	"	11	J. R. King
"	"	12	Louis Tresh
"	"	13	W. H. Hall
"	"	14	Thos. Fletcher
"	"	15	J. E. Campbell
"	"	16	G. W. Alexander
"	"	17	B. C. Grace
"	"	18	J. H. Denton
"	"	19	Jesse Bae
"	"	20	Van Cleve's
"	"	21	Refus Wilson (colored)

Where nominations are not made, the voters can write names on the ballots and vote in that way, but the indications are that many of the 70 trustees will have to be appointed by the County Superintendent.

## KENTUCKY GIRL

In the Tennesseans "Tour  
of Europe" Winners.

Washington, July 27.—Miss Maggie Lively, of Franklin, Ky., was one of the seventeen attractive, personally conducted girls who awakened Washington this week from its midsummer lethargy by a descent on the Ebbitt House and a general sightseeing lark. These young ladies, chaperoned by Miss Louise Lindley, of Nashville, were a fortunate group sent by the Nashville Tennessean, whose circulation they prodigiously increased on a six-weeks' pleasure trip to Europe. They sailed on Thursday after a merry, busy day in New York. Miss Lively was the only Kentuckian in the party.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

## RESOLUTIONS PASSED

At Keysburg Endorse Mr.  
Ewing for Gen'l. Manager.

At a meeting of the Keysburg District Planters' Protective Association Saturday, July 18, the following resolutions indorsing Manager Ewing for re-election were passed unanimously:

Whereas, certain influences or combinations within the Executive Committee of the Tobacco Growers' Association have so nullified our General Manager's acts and have so hampered and embarrassed him in the discharge of his duties that great harm has come to the organization and may result eventually in his displacement by some one else. Therefore be it

Resolved, by the Keysburg District of the Tobacco Growers' Association,

that we hereby declare our faith and confidence in Mr. Ewing as General Manager and Mr. Fort as President and pledge them our hearty support.

Resolved, (2nd) That we will exert ourselves to elect a county Chairman who will be pledged to support them for re-election.

Resolved, (3rd) That we favor a new constitution either made by a committee and submitted to the counties for their approval or by delegates elected from all the counties in the district.

Resolved, (4th) That we demand an annual itemized financial report of all receipts and disbursements, beginning with the first of the next new Association year.

Resolved, (5th) That a copy of these resolutions be furnished the county papers for publication.

W. P. ANDERSON, Ch'm.  
By J. S. Childers, Sec'y.

## PERMANENT CAMP.

In Princeton is Being Put  
Into Shape.

Princeton, Ky., July 25.—The Owensboro military company was visited here to-day by Maj. Bassett, of Hopkinsville, who instructed them as to plans in this section. The company which pitched tents here yesterday have not yet everything in perfect shape. Although they are encamped on high and dry land, the heavy rain late this afternoon and tonight has put the soldiers to considerable inconvenience.

No discourtesy so far as reported has been shown the officers or soldiers, although their presence is regarded as unnecessary. It is said that about 200 soldiers will be stationed here for service throughout the western section of the state.

## HOPKINSVILLE MAN

Has Become a St. Louis Gro-  
cery Man.

John W. Wicks, formerly of this city, has located in St. Louis, Mo., where he went about two months ago. He has opened a grocery store in one of the suburbs of the city and is doing well in his business.

## COLORED INSTITUTE

Is in Progress at Court House  
This Week.

The Colored Institute of county teachers is in progress at the Court House this week, with Frank L. Williams, of Covington, acting as instructor. It will continue five days and many topics will be discussed by the instructor and the teachers themselves.

## USE OF GAS FOR POWER.

## Combustion Engine More Economical Than the Steam Driven.

By far the greater portion of the power manufactured at the present time is developed from the combustion of coal, and of this the greatest part is produced from steam engines and boilers.

It is estimated that at the present time there is nearly 15,000,000 horse power developed in the United States. Of this, says the Forum, more than 10,000,000 horsepower is produced by the burning of coal, about 100,000,000 tons being consumed in the operation.

About 800,000 horsepower, it is estimated, is derived from gas engines, or, as they are better termed, internal combustion engines, and yet there is no doubt that the internal combustion engine, burning the gaseous fuel directly in the power cylinder, requires but one-half as much coal per horsepower as the steam engine.

There is at the present time a rapidly growing interest in the development of the combustion engine, and it is probable that in many power plants to be erected in the near future the steam boiler and engine will be replaced by the gas producer and combustion engine. This is the more probable since the structural and operative difficulties encountered in the early attempts to make large gas engines have been practically overcome and gas engines in units as large as 5,000 horsepower are successfully built and operated.

Apart from the fact that the gas engine uses the heat twice as efficiently as the steam engine in the conversion of the latent energy of the fuel into useful work, it has also the still greater advantage of offering the possibility of utilizing fuels of low grade unsuited for use in the boiler furnace.

## PAINTING WITH AIR.

Air Brushes Used in Decoration of Wall Paper and Fabrics.

There are now in use in French factories several types of air brush with which liquid pigments of all sorts, from alcoholic solutions of aniline dyes to the thickest oil paints, can be satisfactorily applied. Decorators and photograph retouchers use a very small apparatus, which works easily and perfectly in either the vertical or the horizontal position. The accessories include a compressing air pump, which is operated by the foot; a compressed air reservoir and a pressure gauge. The reservoir having been charged to the requisite pressure, the air brush is

IMPROVED AIR BRUSH.

grasped with the right hand like a pencil, with the forefinger resting on the button which controls the air and efflux valves, and the hopper is filled with liquid color.

To produce the spray a current of compressed air is admitted by pressing the button. The size of the jet is regulated by drawing back the button more or less and thus opening to a corresponding extent the orifice of the nozzle. The width and intensity of the colored band produced in this manner are determined by the distance between the air brush and the work. Fine lines are traced by putting the instrument very close to the fabric or paper and drawing back the button very slightly, while broad lines and shadings are made with the air brush at a considerable distance from the work.

Veyron's improved air brush, here-with shown, is shaped and handled like a pistol, the valves being operated by a trigger beneath the barrel. It can be used in any position.

## The Musk Deer of Tibet.

Captain General William H. Michael reports that a number of Tibetan traders who visited Calcutta in March, 1906, brought with them, among other articles, a large quantity of musk, which is held in high esteem by the high caste Indians. The little deer from which the musk is obtained ranges in the Himalayas and Tibetan mountains, 9,000 feet above sea level. The male deer yields the finest and greatest quantity of musk. The deer are shy and alert and difficult of capture.

## Reef Shingles.

Shingles are usually sixteen inches long, and a bundle of them is twenty inches wide and contains twenty-four courses in the thickness at each end. A bundle of shingles will lay a covering eighty feet long. When shingles are exposed four inches to the weather 1,000 will cover 107 square feet, five inches, 152 square feet; six inches, 160 square feet.

## Little Danger of Earthquake.

Geologists say that New York city is as unlikely to be disturbed by an earthquake as any place on the globe. It is possible that the east end of Long Island or the sandy shore of New Jersey may some day slip into the Atlantic ocean, but the rock foundations of the city are safe.

## Kentucky Fair Dates.

The following are the dates fixed for holding the Kentucky fairs for 1908, as far as reported:

Georgetown, July 28, 5 days.  
Henderson, July 28, 5 days.  
Madisonville, August 4, 5 days.  
Winchester, August 4, 4 days.  
Madisonville, August 4, 5 days.  
Danville, August 5, 3 days.  
Lexington, August 10, 6 days.  
Uniontown, August 11, 5 days.  
Burkeville, August 11, 5 days.  
Broadhead, August 12, 3 days.  
Springfield, August 12, 4 days.  
Shepherdsville, August 14, 4 days.  
Lawrenceburg, August 15, 4 days.  
Carroll, Gallatin and Owen Tri-Carroll, August 15, 4 days.

Vanceburg, August 10, 4 days.  
Richmond, August 18, 4 days.  
Ewing, August 20, 3 days.  
Shelbyville, August 25, 4 days.  
London, August 25, 4 days.  
Elizabethtown, August 25, 3 days.  
Burlington, August 26, 4 days.  
Germantown, August 26, 4 days.  
Morgantown, August 27, 3 days.  
Somerset, September 1, 4 days.  
Hardsburg, September 1, 3 days.  
Fern Creek, September 2, 3 days.  
Bardonia, September 2, 4 days.  
Monticello, September 8, 4 days.  
Hodenville, September 8, 3 days.  
Glasgow, September 9, 4 days.  
Louisville State Fair, September 14, 5 days.

## WHAT THE KIDNEYS DO

## Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. W. I. Bailey, living on East Greenville street, Madisonville, Ky., says: "It is four years since I recommended Doan's Kidney Pills through our papers, and my confidence in them during the time which has elapsed has not been shattered in the least, but to the contrary, I learned more about them and can recommend them even more strongly. I said at that time that Mr. Bailey had suffered with kidney complaint off and on for a number of years, and had used almost every known remedy for this trouble but nothing brought permanent results. He finally learned of Doan's Kidney Pills and got a box. They benefited him in every way, more so than all other kidney medicines he had ever tried. He has used them many times during the past four years, and they have never failed to give him relief from these severe attacks. I have used Doan's Kidney Pills myself for a weakened condition of the kidneys and they proved just as satisfactory in my case. We both think there is no remedy like Doan's Kidney Pills.

### The Weather.

FOR KENTUCKY—Probably local showers Tuesday.

The trial of Chas. J. Bronston for shooting at W. R. Milward at Lexington resulted in a fine of \$50.

John Mitchell, the labor leader, is to stump Indiana for the Democratic ticket.

Wm. R. Hearst has returned from abroad and says he will not accept a nomination of the Independence League for President. This organization is to hold a national convention at Chicago this week.

The Prince of Wales Saturday reviewed the international fleet of warships in the harbor of Quebec, embarking at King's wharf and passing down the line of British, French and American ships.

A catfish weighing 100 pounds and six feet in length has been caught in the upper Cumberland river. Some believe that the fish is "Old Joe," the big fish that has defied capture for 15 years, popularly supposed to be 10 feet long.

### LIGHTNING KILLS

### Two Men And Two Horses Saturday.

Willard Bell, of Milton, Ky., and Jack Baird, of Poplar Hill, Ky., were killed by lightning while working in their fields Saturday. Bell was under a tree and he and his horses were killed and Alonzo McDole was seriously injured.

### Late Developments.

Information has been received here that on Thursday night of last week all plans had been made by the night riders to make a second raid on Princeton.

It is said three squads had been ordered to proceed to Princeton and burn the new passenger station of the Illinois Central, the freight depot, Kevill's factory and the courthouse. The purpose of the night riders was suspected by the authorities and hurry orders were wired to Marion for soldiers to report immediately to Princeton to protect the property threatened.

By running, the detachment succeeded in catching the train in time to reach Princeton that night. When the night riders discovered that soldiers were in the town the raid was abandoned. The Owensboro troops are now at Princeton on an indefinite stay. They are using the United States army tents, and this has given rise to the widely circulated rumor that United States regular soldiers had been stationed there.

New reports are in circulation every day. Last week it is said a no-

**\$100 REWARD \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The cure is a sure cure. One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### MAJORITY OF ONE.

### Dry People Lose In Hot Local Option Fight.

Georgetown, Ky., July 25.—In the hottest local option fight ever waged in this part of Kentucky, Georgetown voted wet by one majority.

Intense excitement prevailed all day, and a large part of the population was waiting at the courthouse for returns at 6 o'clock last night. The fight has been waged for several weeks, and the temperance people do not take this as a defeat, but from all indications there is to be a legal fight over the count.

Many street fights were stopped day before yesterday as were hurt.

**CASTORIA.**  
Bears the Signature of *Dr. H. H. H. H.*

### Assignee Will Run Paper.

Henderson, Ky., July 24.—The Journal Company, publisher of the Henderson evening Journal, gave a deed of assignment last evening to the Ohio Valley Banking and Trust Company for the benefit of its creditors. It is probable that the publication will be continued under the management of the assignee. Several days ago Edward A. Jonas was reported as having resigned the editorship of the Journal and placed the management of the plant in the hands of C. E. Dallam and others.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

### New Troops Sent Out.

Bowling Green, Ky., July 24.—To report to Major E. B. Bassett at Hopkinsville, Lieut. Ragsdale, with a detachment of the local company, left Bowling Green this morning. The men left on orders from Frankfort and will relieve some of the wearied troops in Western Kentucky. There are twenty men in the detail.

## NORMAN MACK NEW CHAIRMAN

New York Man Selected Is to Manage the Campaign.

### WOODSON SECRETARY.

Henry Watterson Is at Head of Newspaper Committee.

Chicago, July 27.—Chairman, Norman E. Mack, Buffalo, N. Y.; vice chairman, L. P. Hall, Nebraska; treasurer, Gov. C. N. Haskell, Oklahoma; sergeant-at-arms, John I. Martin, Missouri; secretary, Urey Woodson, Kentucky.

After a seven-hour conference with William J. Bryan and John W. Kern, respectively, Democratic nominees for President and Vice President, the sub committee of the National Democratic Committee today made its selections of the officers of the committee.

So pleased was Mr. Bryan that he gave out a statement, in which he openly announces that the appointment is a recognition of the Eastern Democracy and that a fight will be made to carry New York.

Pineules for the kidneys, 30 days trial \$1.00. Guaranteed. Act directly on the kidneys and bring relief in the first dose for backache, rheumatic pains, kidney and bladder trouble. Invigorate the entire system. Anderson-Fowler Drug Co. Incorporated.

### DELAFIELD GOES WET.

Suburb of Bowling Green Carried Against Local Option.

Bowling Green, Ky., July 25.—Delafield precinct, which adjoins the city of Bowling Green, went wet today in a local option election by a majority of sixty-three votes. A large vote was cast, but there was no disorder. Delafield precinct embraces the city wharf of Bowling Green.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

### J. B. WALKER

### To Tell Bluegrass Farmers How to Raise Corn.

Emmence, Ky., July 25.—The Henry county farmers' Institute will convene at Pleasantville, the home of Merrill C. Rankin, Commissioner of Agriculture, on July 31 and August 1. An elaborate programme of instruction is being arranged for by the local committees. Two subjects for discussion and the instructors are as follows: Corn Growing, Planting and Cultivation—J. B. Walker, Hopkinsville. Poultry Raising—Harry Clubb, Pleasantville.

Sick headache and biliousness relieved at once with Rings Little Liver pills. A rosy complexion and clear eyes result from their use. Do not gripe or sicken. Good for all the family. Sold by Anderson-Fowler Drug Co. Incorporated.

### LOUISVILLE GIRL

Miss Anabel Varble, 16-year-old daughter, of Pinkney Varble, was drowned Saturday afternoon in the Ohio River at Goose Island, near Louisville, where she went with a party bathing. Charles E. Currie was almost drowned, and was resuscitated only after strenuous efforts, and his son and daughter were in grave danger. Their rescues were effected by J. D. Cooper and Robert Rowell.

Pineules for backache, little golden globules, easy and pleasant to take. Act directly on the kidneys, purify the blood and invigorate the entire system. Best for backache, lame back, kidneys and bladder. 30 days trial \$1.00. Guaranteed. Anderson-Fowler Drug Co. Incorporated.

### Gets Damages.

Elkton, Ky., July 25.—T. D. Crow was to-day awarded \$6,500 by a jury in his suit against the L. & N. Railroad company. While riding on a handcar three years ago Crow was run over and seriously injured. This was the second trial of the case, the first verdict having been reversed.

### For Sale or Rent.

Cottage at Herndon. J. F. Ellis

### CUBAN ELECTIONS.

### Natives to Select Their Own President August 1.

Havana, July 26.—Preparations for holding the election on August 1 have been completed.

Gov. Magoun has issued a proclamation reviewing the work of the Electoral Commission under Col. E. H. Crowder, especially the revision of the electoral lists based on the census of 1907, during which, despite the active campaign carried on by three great political parties, absolute respect for the law everywhere was manifested. Gov. Magoun's proclamation says:

"No better evidence of self-government and acquiescence in the electoral lists based on those in authority is to be shown by any community."

The proclamation closed with the assurance that all citizens would be fully protected in the exercise of the franchise.

Pineasive Carbolicol acts like a poultice. Quick relief for bites and sting of insects, chapped skin, cuts, burns and sores, tan and sunburn. Sold by Anderson-Fowler Drug Co. Incorporated.

### AMERICAN WINS RACE.

London, July 25.—Dorando, the Italian runner, supported by several of the track officials was carried at the finish of the great Marathon race of twenty-five miles and declared the winner, with John F. Hayes, an American, second. A violent protest was made by thousands of spectators and finally the announcement was made that the protest was allowed. This makes John F. Hayes, of the Irish-American A. C., of New York, the winner of the great event.

Dorando collapsed 200 yards from the finish. He struggled to his feet and tried to cover the remaining distance, but was soon down again. He could not continue. His collapse was complete and officials practically carried him to the finish. Hayes came in second, two minutes later without any assistance whatever.

Runners from many nations assembled under the gigantic oak at the top of the broad emerald lawn which slopes to the eastward, with the towering gray battlements of the castle for a background.

Fifty five men toed the starting line, Wood, Canada, and Nettlebeck, Germany, withdrawing at the last moment.

Wood's Liver Medicine is for the relief of malaria, chills and fever, and all ailments resulting from deranged condition of the liver, kidneys and bladder. Wood's Liver Medicine is a tonic to the liver and bowels, relieves sick headache, constipation, stomach, kidney and liver disorders and acts as a gentle laxative. It is the ideal remedy for fatigue and weakness. Its tonic effects on the entire system felt with the first dose. The \$1.00 size contains nearly 24 times the quantity of the 50c size. In liquid form. Pleasant to take. Sold by Anderson-Fowler Drug Co. Incorporated.

### THRESHER SET ON FIRE.

Montgomery County Farmer's Loss Caused by Unknown Enemy.

Clarksville, Tenn., July 27.—The thresher owned by Wes Smith, of the Fifth District, which was destroyed by fire Thursday night, was evidently set on fire. The thresher was on J. T. Morrison's farm. A new piece of belting was taken off the machine and laid aside by the "fire bug," but just why he desired to save that and destroy the machine is hard to understand. A thorough investigation failed to disclose any clue which might lead to the arrest of the guilty parties. Mr. Smith is a staunch member of the Association and can give no reason for such action. The loss will be about \$500.

## THE FREAKISH WIND.

Frankie It Has Played With Smoke, Dust and Grain.

During a volcanic eruption in the Hawaiian Islands the smoke rose to a height of between five and six miles and then drifted away to the northeast. At a distance of 600 miles it settled on the surface of the sea and was then carried back by the northeast wind to its place of origin, where it arrived a fortnight after its original departure and covered the entire group of islands with its heavy pall.

Not long ago a steamer was on her way along the north African coast from Asia to England and had entered the Galila channel between the island of that name and the coast of Tunis when a fine dust began to darken the air and soon afterward to fall on deck. Some of this dust was collected and subjected to chemical analysis in Europe. Its constituents proved that it had been carried high in the air from the Sahara desert and had finally dropped into the Mediterranean.

More extraordinary still was a dust shower that fell in Hungary some years ago. Analysis showed that this dust was identical with the sediment of the Nile. The dust was believed to have been brought by the wind all the way from Egypt, a pretty long journey for a shower of that description to accomplish.

It must have been a high wind indeed that brought a shower of wheat on one occasion to the villagers in a place on the southern coast of Spain. The wheat fell like rain. There were so many witnesses of the occurrence that it was impossible to doubt that it had appeared. But for some months it could not be accounted for.

Then came the other side of the story. It was learned that shortly before this fall of wheat some farmers near the northern coast of Morocco had been thrashing wheat with flails when suddenly a tornado swept over the ground and carried all the wheat and chaff on the thrashing cloth into the air. The cloth was swept away by the storm, and the farmers fell to the ground, but were not injured. When the storm had passed they were horrified at discovering that the result of their labors had totally disappeared. There seemed little doubt that the wheat that fell in Spain was that which belonged to the Moroccan farmers. It had been blown clear across the Mediterranean.—Pittsburg Post.

### His Defense.

How sweet is the innocence of childhood!

Tommy Jones, aged seven, and his mother were invited to tea by Mrs. Brinks. While the meal was being prepared Mrs. Jones wandered about the two yard square garden and admired the weeds.

Presently the absence of her cherished Tommy alarmed her, but shortly the truant reappeared contentedly munching a huge slab of cake.

In her relief, as is usual, Mrs. Jones began to upbraid the lad. "Thomas," she said, "I'm afraid you've been greedy and asked King Mrs. Brinks for that cake."

But the boy faced her fearlessly. "Oh, no, mother," he replied, "I wouldn't be so rude! I waited till she turned her back, then I matched a piece!"—London Mail.

### Water as a Headache Cure.

"The best cure I know of for a headache is to wash your face," said a bright looking man. "Yes," I believe suddenly to cleanse your face with cold water will open up the pores and probably start the blood in circulation, and I know it will relieve you of a headache in a jiffy. I have tried it myself a great many times and have always been successful. There is something in the nature of a stimulant in the cold water treatment that braces me right up. My head when it aches gets hot and throbs, and the water makes it cool and fresh."—Philadelphia Record.

### Gothland.

In the Baltic sea, forty miles from the mainland, lies the Swedish island Gothland, a Mecca for students of early Gothic architecture. In Wisby alone, the chief town of the island, with its population of 8,000 souls, may be studied what remains of no less than ten churches, some of which date from the eleventh and twelfth centuries. The oldest of these is the Church of the Holy Ghost, completed about 1016.—Youth's Companion.

### Conserving Resources.

"The best way to preserve preserves?" remarked a housekeeper on Cathedral heights. "Well, one of the best ways that I know of, if not the best, is that pursued by a west side woman I know of, who has both an economical, to put it mildly, disposition and a colored maid who has a well developed sweet tooth. She preserves her preserves by selling 'em all 'Possum!"—New

## Thrice-A-Week World

More Alert, More Thorough More Fearless Than Ever.

READ IN EVERY ENGLISH SPEAKING COUNTRY.

A President of the United States will be elected this year. Who is he and who is the man whom he will beat? Nobody yet knows, but the Thrice-A-Week edition of the New York World will tell you every step and every detail of what promises to be a campaign of the most absorbing interest. It may not tell you what you hope, but it will tell you what is. The Thrice-A-Week World long ago established a character for impartiality and fearlessness in the publication of news, and this it will maintain. If you want the news as it really is subscribe to the Thrice-A-Week edition of the New York World, which comes to you every other day except Sunday, and is thus practically a daily at the price of a weekly.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the HOPKINSVILLE KENTUCKIAN together for one year for \$2.65. The regular subscription price of the two papers is \$3.00.

### TOBACCO SALES FALLING OFF

Buyers are Making Few Purchases During This Month.

### FARMERS IMPATIENT.

Association Approaching a Critical Period in Its Career.

Guthrie, Ky., July 25.—As predicted, sales of tobacco at the ten sales-rooms of the Planters' Protective Association continue to show a falling off and the total number of hog-heads disposed of during the week ending July 18 was only 679. It is the general impression among practically all of the farmers, however, that the decrease in sales is only part of the plan of the trust to do everything in its power to embarrass the organization and no fears are felt for the result of the fight which is now on.

There is no doubt that this fight is on in earnest and that the trust is doing everything in its power to harm the interests of the grower. Officials of the Association are very frank to say that this is the state of affairs, and believe it is best to make this statement so that every farmer and every member of the organization will feel all the more keenly the necessity for a determined attitude toward the opposition. Evidently the trust has been quietly making its plans to do the Association all the harm possible at the most opportune time and this time it has probably figured out to be right now. Therefore, it is up to the members of the Association to stand shoulder to shoulder and show the stuff they are made of.

There is no doubt whatever about

tracts have been filled, and they must be or somebody will have to pay handsomely for their failure to do so. Therefore, it is easy to see that the trade will all come back in a short time and when it does come it will be with a rush that will take all the tobacco in sight.

Sales of Planters' Protective Association for the week ending July 18, and total sales as reported by Jno. D. Scales, Auditor:

MARKET.	HHDS.	TOTAL

### ASYLUM PATIENT

Plaintiff in a Heavy Damage Suit at Paducah.

Paducah, Ky., July 25.—J. S. Downs by committee sues the Paducah Traction Company for \$10,000, alleging that a street car collision last fall caused his horse to run away, throwing him from his vehicle and injuring his head, so that he is hopelessly insane. Downs is now an inmate of the asylum at Hopkinsville.

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Regulets operate easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

For Sale or Rent

Soda fountain and charging outfit.

### MORE SUITS ARE FILED

Four Against Fire Insurance Companies for Losses By Night Rider Raid.

W. T. TANDY, PLAINTIFF

One Suit Against City Light Company for Damages.

William Brown, who sues by next best friend, Julia Ann Brown, has filed suit against the City Light Company for \$1,000 damages, together with bill incurred for medical attention. Plaintiff states in his petition that on June 6 he became in contact with and touched an electric light pole which was planted in the pavement near the corner of Ninth and Virginia streets and that a deadly ginia passed through his body, knocking him down, rendering him unconscious and burning his hand, arm, leg and foot. He further states that he was maimed and crippled.

Four suits aggregating \$5,000 were filed Saturday by W. T. Tandy against as many insurance companies for the purpose of forcing the companies to pay the amount of policies which plaintiff alleges were in force when two warehouses belonging to him were destroyed in the night rider raid here last December. The warehouses were occupied by Tandy & Fairleigh. Following are made defendants to the suits: The Rochester German Insurance Co., Williamsburg City Fire Insurance Co., The Glens Falls Insurance Co., and the City of New York Insurance Company.

### LIGE RICKETTS IS ARRESTED

Charged With Being in the "Big Dance" on December 7th.

HAS GIVEN BOND.

Evidence Against Him Said to Be Very Strong and Positive.

Deputy Sheriff Edgar Renshaw yesterday morning arrested Lige Ricketts, who lives on a farm near the Brick church, on a warrant charging him with taking part in the Hopkinsville raid last December. He is a brother of James Ricketts, who was at that time a member of the police force. It is said that there is strong evidence against him by witnesses who recognized him in the mob.

WARDER GIVES BOND

Yesterday morning Gano Warder, who was arrested on a second warrant Thursday and had been in jail since, succeeded in giving bond in two cases. When he was arrested last week one of his bondsmen on the indictment case withdrew and he was required to give two bonds aggregating \$2,500. W. R. Hammond, who was on his old bond, signed the new one also and Geo. W. Barnes, of Carl, signed both bonds. Mr. Barnes was himself under bond last month on a charge of being a night rider, but the witness making the affidavit did not appear before the last grand jury and the case was not passed upon. The bondsmen swore that they were worth \$4,000 and \$5,000 respectively.
